RE: South Carolina Public Service Commission Docket No. 2017-370-E:  
South Carolina Public Service Authority's ("Santee Cooper") First and  
Continuing Request for Production  
*Our File No.: 01617/01563*

Dear Chad and Matt,

Please find attached Santee Cooper's First and Continuing Request for Production of Documents to South Carolina Electric and Gas ("SCE&G"). As you know, the Public Service Commission has granted permission to the Office of Regulatory Staff ("ORS") to immediately begin scheduling and conducting the depositions of several individuals, including three current or former Santee Cooper Employees. At this point, Santee Cooper is seeking production of the same documents previously provided to ORS on July 13, 2018 so that it can promptly and adequately beginning preparing for these upcoming depositions. As a result of this timing, we request that SCE&G comply with this Request within three days.

We do not intend for this Request to place any additional burden on SCE&G beyond transmitting to Santee Cooper a copy of the production previously sent to ORS. Santee Cooper is willing to accept the production via electronic file transfer or physical media. I have included the executed confidentiality certification.
